Dear Mr. Steward:

We are returning your Discharge Permit Application dated January 3, 1978, for a discharge of wastewater to the waters of the state. The Grand Rapids District Office of the Surface Water Quality Division, MDNR, has informed us that you no longer require a discharge permit.

If you plan to discharge wastewaters to the waters of the state in the future, you must obtain a permit prior to commencement of the discharge.

If you have any questions, please contact me at 517-373-8088.

Sincerely,

Peter Ostlund
